# The official launch of **KRYS RAHMING** and **ASSOCIATES**

**T**HE Krys Rahming & Associates' official launch, held at British Colonial Hilton, began in true conventional style with a welcome message to the new professional services firm by Khaalis Rolle, president of the Bahamas Chamber of Commerce.

The launch of this first-of-its-kind firm offering corporate recovery, insolvency, forensic accounting, and business advisory services, got plenty of attention from the public.

The business community was well represented and attendees were all very engaged, watching the entertainers perform and moving from table to table with appetisers, cocktails, and gift bags in hand.

Edmund Rahming, managing director of Krys Rahming & Associates (Bahamas) opened the launch with an outline of the firm's practices.

"We are happy and proud to be a part of the Krys & Associates network and more importantly are pleased to bring a focus on insolvency, forensic accounting and litigation support services to the Bahamas. Our potential clients can expect the very best in financial accounting services delivered with local care and attention and supported by one of the largest independent group of firms in the Caribbean", said Mr Rahming.
